Kendriya vidyalaya IOC Haldia Higher secondary Grades - **85%**	**2021**

PROJECTS

•IOT based smart locker
Incase a thief try to access my locker we don't have to do for this time.
 Some time a CCTV is set in locker room but we don't looked or checked the room for our busy life. For this reason the time of theft we don't see the thief
We use gsm to make to more affordable otherwise the price would have been more in higher level

•IOT based password scanner
This password scanner , which will scan your face or you can enter your desire password which you have set to open the thing you have desired to protect

Ropeway constructions
We have made this project to transfer heavy things that we needed in construction from one place to another

Stock Marketing Price Prediction
We use Jupiter notebook for this , in which you can see the price of Tesla and you will know when to invest your money

ACHIEVEMENTS & AWARDS

✔
2nd runner up award in ECE dpt in GKCEM Tech Fest 2023

✔ 1st Runner up in fashion show in inter College compition of JISCE
